Subject: Whatcom Co CPAL / definitions

Hi Lisa -- At the Sept 5 Task Force meeting, questions were raised about the definition of terms used throughout Whatcom's CPAL program, esp about activities / operations allowed / not allowed in the risk categories termed Type 1, Type 2 and Type 3. You assured the group that Whatcom has a robust Definitions section, and I believe you offered to provide that -- or a link to it -- to the group.

Can you send that link to me by email? I will forward it on to the group and ask Patty to include it on the dedicated Task Force web site.

Thanks much,

Linda
